

***www.Golf-League.net***

- Web based golf league administration
- An administrator for a league can:
  - Setup and maintain the schedule of matches
  - Create/maintain players and teams
  - Enter scores
  - Enter cash transactions
- Everyone can:
  - Access reports
  - Track your league finances

# Unique Capabilities

- Reporting to support league activities:
  - Flight tool to assist in preparation for fun nights.
  - Skins tool
    - Based on gross or net score
    - Total score
    - Dynamically change who is participating

# Specifics

- Up to 20, 2-player teams
- Preset match rotation
  - Tee times randomly rotated
  - Preprinted score cards
- 9-hole matches
  - Can accommodate course with 27 or 36 holes
    - Choose the side you play on a given match night
- 40 point team matches:
  - 18 point individual matches
    - Pair the low-low and high-high hcp player of each team
  - 4 points based on team net

# Navigation

You can use the navigation bar at any time to move to a different area.

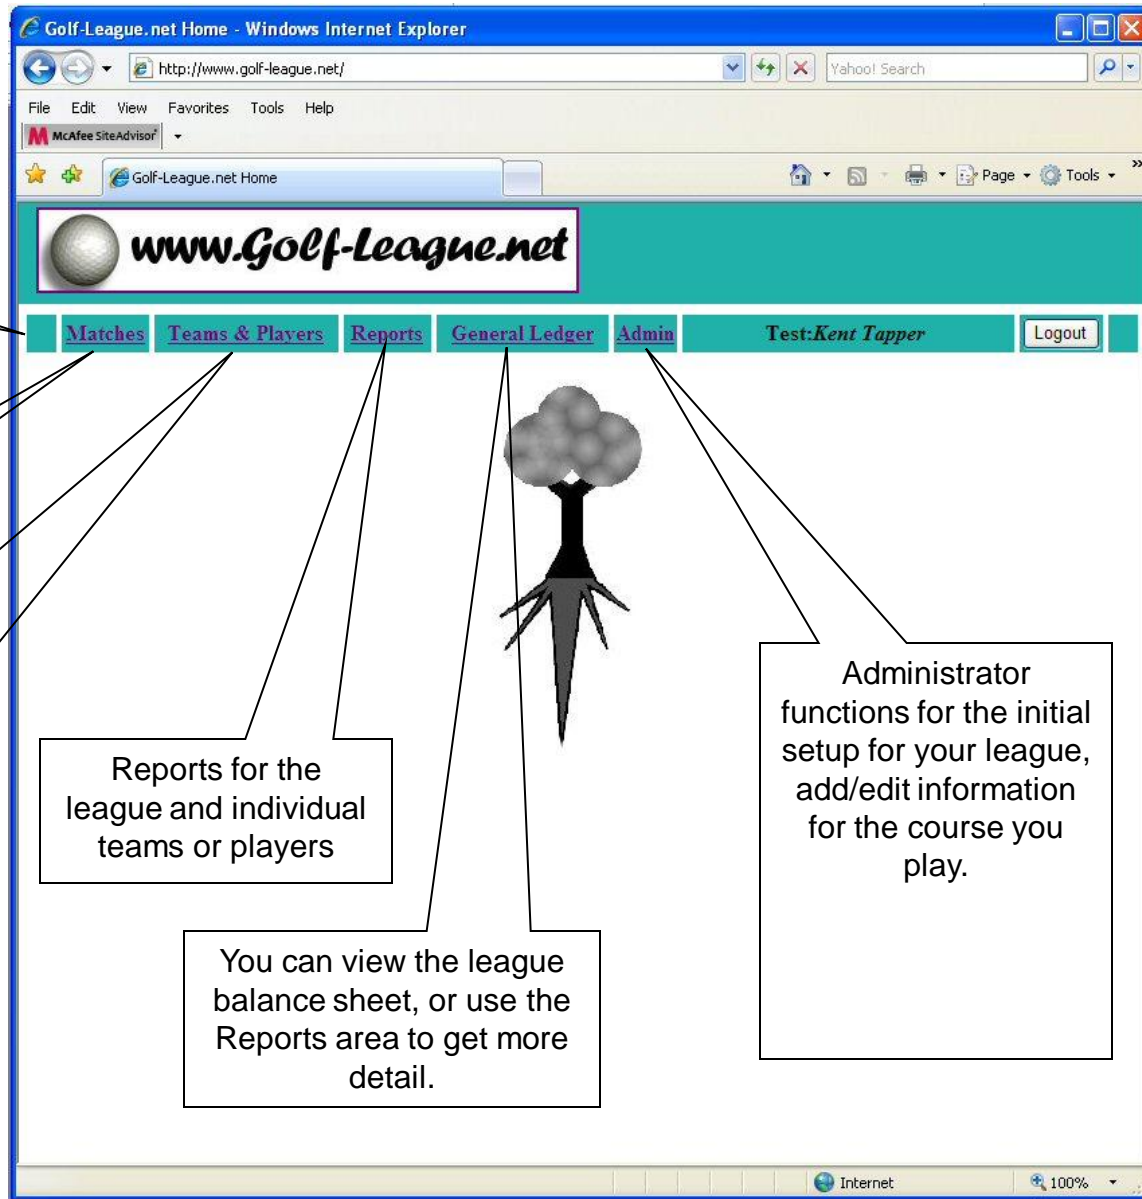

View the league standings, or use the Reports area for more detail.

View teams and players, starting average for handicap, substitutes. You can change your personal information and reset your password

Reports for the league and individual teams or players

You can view the league balance sheet, or use the Reports area to get more detail.

Administrator functions for the initial setup for your league, add/edit information for the course you play.

The Reports you can access are for league, Team or Player

Flights gives you a list of players sorted by average, which is useful for setting up High/Low games, or scrambles on your fun-nights.

Finance is a summary of the league financial standing, with drill down.

Summary gives everyone access to basic league setup information and statistics.

The skins tool shows the hole by hole skins won on any give league night. You can customize who is participating in any skins event, and can base the skins on gross or net score.
